Fiscal Year 2025 Rural Maryland Prosperity Investment Fund Grant Guidelines and Criteria: Regional Infrastructure Project

Overview: The objective of the Rural Maryland Prosperity Investment Fund is to help raise the overall standard of living in rural areas to a level that meets or exceeds statewide benchmark averages by 2030 while preserving the best aspects of a pastoral heritage and rural way of life. Resources provided to the Fund are designed to facilitate significant targeted investments in important economic and community development programs and promote regional and intergovernmental cooperation. These investments will also enable local and regional public and nonprofit organizations to leverage additional non-state financial and human resources to facilitate the realization of sustainable rural development objectives. The Fund will serve the interests of the entire State by:

- Encouraging the increase of entrepreneurial activity and commerce and a balanced economy in the State;
- Relieving conditions of unemployment and underemployment in rural areas;
- assisting in the retention of valuable farm and forest land for productive use by present and future generations;
- Promoting intergovernmental cooperation and public sector/private sector partnerships in and between rural and other areas;
- Enhancing the deployment of housing, transportation, water, wastewater, and broadband communications infrastructure and services in rural areas;
- Supporting rural commercial center redevelopment and community revitalization efforts; and
- Generally promoting the health, happiness, safety, employment opportunity, and general welfare of the residents of each of the rural counties and municipal corporations of the State.

Infrastructure: Infrastructure improvement – from traditional public facilities like roads and sewage treatment plants to such increasingly important amenities as workforce housing – is vital to healthy, flourishing communities. For instance, about half of the State’s major sewage treatment facilities and 90 percent of small community wastewater systems are located in rural areas, and many of these are experiencing difficult problems associated with aging collection and treatment infrastructure.

Rural regional infrastructure projects would provide matching grants for projects that involve two or more units of local government and are related to broadband, water, wastewater, transportation, workforce housing, and commercial/industrial facilities up to 25 percent of the total project cost. Workforce housing is defined as housing targeted to 80 to 120 percent of the median income of the community in which the employees work. Other potential projects could include GIS services to modernize and improve utility infrastructure data and renewable energy facilities such as biomass, solar or wind electricity, or thermal heat generators.

Decisions: Grant award determinations for entrepreneurship, infrastructure, and health care applications are made by the independent Maryland Agricultural Education and Rural Development Assistance Fund (MAERDAF) Grant Review Board set by law and consisting of the Secretaries (or their designee) of the Departments of Agriculture, Commerce, Health, Housing and Community Development and Natural Resources as well as the Chair (or the designee) of the Rural Maryland Council. Decisions by the MAERDAF Grant Review Board are final and binding. At the discretion of the Grant Review Board, RMC staff may reach out to applicants for additional information.

Fiscal Year 2025: For Fiscal Year 2025, the State has budgeted \$1,500,000 in General Funds for the infrastructure portion of the RMPiF program. However, *grant awards are subject to funding availability.*

Guidelines and Criteria for FY2025 Infrastructure RMPiF Grant Applications

Eligible Applicants: Applicants must be a local government, institute of higher education, regional council, or be a 501(c)(3) IRS tax designation or similar and serve a regional or statewide rural constituency. Community Colleges, Career Technology Centers, Regional Councils, and Libraries are eligible applicants. The applicant does not have to be located in a rural area or in the area it serves.

An official W-9 form furnished by the IRS will be required by all applicants to include in their application. This allows RMC to verify an organization’s name, address, and tax identification number. The address included on the W-9 form must match the address of the organization receiving the grant award.

The State Recognized Regional Councils are eligible entities to apply for RMPiF competitive funds. These projects are encouraged to have co-applicants and multiple sources of funds.

For non-profits, applicants must be in “Good Standing” with the State of Maryland. Go to <https://egov.maryland.gov/BusinessExpress/EntitySearch> to find out if your organization is in good standing with the State of Maryland. We do not require a copy of the certificate; it is sufficient to provide a screenshot and attach it with your application AS LONG AS IT SHOWS WHETHER THE ENTITY IS CURRENTLY IN GOOD STANDING. An explanation for an entity not in good standing must be included with the application otherwise, the application will be rejected.

Eligible Projects: To be eligible, **proposals must be intergovernmental (meaning two units of government)** and be completed between August 1, 2024 and June 30, 2025.

Rural Counties: State-determined rural counties are Allegany, Calvert, Caroline, Carroll, Cecil, Charles, Dorchester, Frederick, Garrett, Harford, Kent, Queen Anne's, St. Mary's, Somerset, Talbot, Washington, Wicomico and Worcester. Regional projects may include non-rural counties; the majority of service must be provided in rural areas.

Grant Amounts: *GRANT AWARDS ARE SUBJECT TO FUNDING AVAILABILITY.* There is no maximum grant amount designation; however, the Board is optimally looking to fund up to seven to eight infrastructure projects. Past and current RMPiF and MAERDAF grantees are eligible for an FY2025 grant if they have met all the requirements of their previous grant agreements, including reporting deadlines.

Eligible Expenditures:

- Salaries and Wages are allowable expenses. It is strongly encouraged to include a statement on sustainability for future years.

- Construction and renovation of buildings are eligible expenses. Acquisition of land is not. Permitting costs are eligible expenses. Please include quotes of expenditures.
- The purchase or rental of vehicles is an eligible expense. The purchase of equipment is an eligible expense.
- Indirect administrative costs are capped at 10%.

Ineligible Expenditures:

- Contributions, donations, or subsequent sub-awards to third parties are ineligible expenses.
- Gift cards are also ineligible.
- Organized fundraising including financial campaigns, solicitation of gifts or bequests, or similar expenses incurred to raise capital or obtain contributions regardless of the purpose for which the funds will be used are ineligible. Advocacy and lobbying activities are also ineligible.
- RMPIF funds are not to supplant existing funding from other sources.

Match Requirements: Applicants must have secured at least **75% matching funds** from non-state sources. **A match is required for infrastructure projects.** Federal funds are considered matching funds. Local, private, and federal funds for the required match are preferred.

Changes and Unused Funds: Only very minor changes in scope are allowed after a grant has been awarded. Some project timelines can also be modified. Unused grant funds must be returned to the Rural Maryland Council no later than July 14, 2024.

Ranking Criteria: The Grant Review Board uses the following criteria in reviewing applications.

1. Basic Criteria: Applicant meets all basic eligibility requirements – it serves a regional (multi-county) or statewide rural constituency (or is a community college).
2. Applicant has clearly identified a well-substantiated need and developed a Scope of Work that clearly describes specific project activities and how an RMPIF grant will be used.
3. The proposal will significantly impact the quality of living in rural Maryland. The proposal demonstrates substantial value and lasting impact by providing information that includes relevant background research, opportunities for replication, and a statement of impact.
4. Specific goals and measurable objectives were clearly stated and appear to be achievable. Goals must be specific, measurable, achievable, reasonable, and time-bound. Its Mission Statement is included and lends itself to the activities and goals addressed in the proposal.
5. The organization has the experience, expertise, and resources to deliver on this scope of work. Operational and line-item budgets were included and seem reasonable.
6. The applicant has significant matching funds of at least 75% of the total project cost from non-state sources.
7. Other organizations, businesses, agencies, and/or other community-based entities have expressed strong support for the organization’s work and planned grant activities. Letters of support complement the project narrative. Letters of support and other supportive materials (newspaper articles, etc.) were included.

8. The project/proposal falls under one or more of the following priorities (entrepreneurship, infrastructure, or health care) and clearly defines a designated benchmark and outcome associated with the Rural Maryland Prosperity Investment Fund.

Grant agreements: Awardees are required to execute a grant agreement. A sample blank grant agreement is included in Attachment A.

Record keeping: Grantees are required to record expenditures and file an interim and final report with the RMC. Reporting guidelines are included in Attachment B.

Grant Reporting Guidelines

Grant Portal

- All grant items must be submitted through RMC's Grant Portal, found here: <https://www.grantinterface.com/Home/Logon?urlkey=ruralmaryland>
- There are two reports due during the grant cycle. The interim is due January 31 and the final report is due July 15.
- A report is in the form of a 'Follow-up' in the RMC grant system. You will be assigned these 'Follow-ups' by email once your grant agreement is processed. You will receive email notices before the report is due. To Access the report, simply log into your grantee dashboard and scroll down to the application. A Follow-up with the associated report will be available in this section by clicking the word 'edit' to the right of the report form.

Interim Report Narrative

The purpose of the Interim Report is to assess your organization's status of project timelines and completion of the awarded project by June 30. We understand that grant awards are still being processed and project outcomes may be minimal. Please complete the Interim report to the best of your ability by January 31.

This report asks that you refer to the *Goals and Anticipated Outcomes* and the *Table of Goals and Measurable Objectives* outlined in your organization's initial LOI and referenced in the *Scope of Work and Deliverables* (Exhibit 1) of your Grant Agreement to answer the following questions.

1. Do you think you need an extension for this project? RMC staff can approve extensions for up to 6 months. If you do need an extension, please reach out to RMC staff by phone and email closer to the June 30 end date.
2. What progress have you made toward achieving the results you described in your proposal during this period? What evidence do you have to demonstrate your success? If you are experiencing difficulty in your progress, please explain?
3. Have there been any significant changes in your organization or the project since the grant was awarded (i.e., executive leadership, staff, facilities, location)?

Final Report Narrative

The purpose of the Final Report is to show the completion of the grant project and to help us understand how it has benefited your organization. Please refer to the *Goals and Anticipated Outcomes* and the *Table of Goals and Measurable Objectives* outlined in your organization's application and referenced in the *Scope of Work and Deliverables* (Exhibit 1) of your Grant Agreement to answer the following questions.

1. Did you achieve the results you described in your proposal during this grant period? What evidence do you have to demonstrate your success?

2. What do you consider to be the greatest strength(s) of your work? What do you consider to be the most important concern(s) – apart from finances – currently facing your organization (or project, if you received project support)?
3. What are the organization’s two (2) most significant financial challenges and how are you planning to address them?
4. Have there been any significant changes in your organization or the project since the grant was awarded (i.e., executive leadership, staff, facilities, location)?
5. As applicable, describe any plans for moving forward. What, if anything, will you do differently?

The report narrative should tie back to the scope of work outlined in your original application and referenced in the Scope of Work and Deliverables (“Exhibit 1”) listed in your Grant Agreement. It should also address the “Table of Goals and Measurable Objectives” outlined in your original application. An example of a previously submitted *Goals and Measurables Objective Table* is provided below.

Goal	Measurable Objectives
Connect with X number of new individuals	Conducted three (3) community information sessions (give dates of number of individuals in attendance). How many have continued in the program?
Reduce attrition from program	No less than 85% attend at least 8 of 10 sessions
Achieve diverse participation in program	A minimum of 50% women, 25% minority Maryland demographics: 49% Male, 51% Female 76% White, 20% Black, 3% Hispanic, 1% Asian/Other
Establish new businesses in the region	3 new businesses per course, 6 total for year
Create new jobs in the region	6 new jobs per course, 12 total for year

Managing for Results (MFR) is a strategic planning, performance measurement, and budgeting process that emphasizes use of resources to achieve measurable results, accountability, efficiency, and continuous improvement in the State's government programs. RMC has been reporting on Grantee MFRs accomplishments since 2019. While grant projects are not required to meet each MFR listed below, we ask that grantees complete those that are applicable, typing 0 (zero) is an acceptable answer.

The MFR’s are the following:

1. Matching funds secured.
2. Match Breakdown: Federal Dollars Secured
3. Match Breakdown: Private Dollars Secured
4. Match Breakdown: Local Dollars Secured
5. Number of Jobs Created or Retained
6. Number of Loans Made
7. Number of Individuals Trained, Served, or Reached
