

Fiscal Year 2025 Rural Maryland Prosperity Investment Fund Grant Guidelines and Criteria: Rural Entrepreneurship, Agricultural, Workforce, and Cooperative Development

Overview: The objective of the Rural Maryland Prosperity Investment Fund (RMPIF) is to help raise the overall standard of living in rural areas to a level that meets or exceeds statewide benchmark averages by 2030 while preserving the best aspects of cultural heritage and rural way of life. Resources provided to RMPIF are designed to facilitate significant targeted investments in important economic and community development programs and promote regional and intergovernmental cooperation. These investments will also enable local and regional public and nonprofit organizations to leverage additional non-state financial and human resources to facilitate the realization of sustainable rural development objectives. The Fund will serve the interests of the entire State by:

- Encouraging the increase of entrepreneurial activity and commerce and a balanced economy in the State;
- Relieving conditions of unemployment and underemployment in rural areas;
- Assisting in the retention of valuable farm and forest land for productive use by present and future generations;
- Promoting intergovernmental cooperation and public sector/private sector partnerships in and between rural and other areas;
- Enhancing the deployment of housing, transportation, water, wastewater, and broadband communications infrastructure and services in rural areas;
- Supporting rural commercial center redevelopment and community revitalization efforts; and,
- Generally promoting the health, happiness, safety, employment opportunity, and general welfare of the residents of each of the rural counties and municipal corporations of the State.

Rural Entrepreneurship Development: Between one-third and two-thirds of any economy's growth is attributable to entrepreneurial activity. Finding ways to transform the resourcefulness, innovation, and self-reliance that is so often found in rural communities into growing, innovative businesses is a challenge many rural economic development professionals are increasingly embracing as an effective and important strategy for growing the tax base, expanding economic opportunities, and creating sustainable local economies.

Because of the strong correlation between a high level of entrepreneurship and high economic growth, rural entrepreneurship may well be the best economic development option for communities where citizens are typically poorer, older, and more isolated from markets than their urban or suburban counterparts.

Traditional economic development strategies that tend to focus on recruiting larger companies to relocate their operations to the region may not work in rural communities which often do not have the infrastructure or skilled or low-wage labor force necessary to attract or keep big employers. Focusing more on helping existing businesses grow and new businesses start offers better long-term prospects for many rural areas.

The Rural Maryland Prosperity Investment Fund will promote entrepreneurship and assist efforts that provide training and technical assistance to the entrepreneurs who can help build prosperous and sustainable rural communities by creating jobs, raising incomes, creating wealth, and improving the quality of life.

Rural entrepreneurship development would provide grants for entrepreneurial development activities of rural-serving nonprofit organizations and higher education institutions. Entrepreneurship, a key economic development strategy, supports existing rural business sectors (including agriculture and tourism), as well as innovation in technology and other economic development areas. We strongly encourage building partnerships with rural and urban businesses and entrepreneurs.

Rural Agricultural Development: Agriculture remains Maryland’s largest commercial economic sector and is incredibly important to our rural areas. Agriculture contributes approximately \$16.5 billion to the state economy supports 73,009 jobs and adds nearly \$610 million in combined state and local tax revenue. The total economic impact of resource-based industries in 2022 equaled \$20.1 billion, supported over 88,610 jobs, and generated over \$755 million in state and local tax revenue. RMC supports programs and policies that will sustain and enhance agricultural production and agritourism.

Rural Workforce Development: The Council supports apprenticeships and community colleges so young adults can stay in their rural areas and become part of the rural workforce. Efforts to improve career and technology education through the implementation of the Blueprint for Maryland’s Future, including specifically agriculture education. Examples include but may not be limited to youth apprenticeship programs, STEM education, and summer enrichment programs. *Note – The FY2025 grant period will run from July 1, 2024, to June 30, 2025. The Council understands that programs that take place during the summer months may fall outside this designated time frame and special consideration will be made to accommodate these programs.*

Rural Cooperative Development: The Council supports programs that improve the economic conditions of rural areas by helping individuals and businesses start, expand, or improve rural cooperatives and other mutually owned businesses. Types of Cooperative Developments include the following:

Consumer Cooperatives are owned by the people who buy the goods or use the services of the cooperative. Examples include housing, electricity and telecommunications, credit unions, healthcare, childcare, and funeral services.

Producer Cooperatives are owned by people who produce similar types of products and collectively market them to improve their incomes. Examples include farmers, craftsmen, artisans.

Worker Cooperatives are owned and governed by the employees of the business. Examples include restaurants, taxicab companies, timber processors, and light and heavy industries.

Purchasing/Shared Services Cooperatives are owned and governed by independent business owners and government agencies that band together to enhance their purchasing power. Examples include independent business owners, small municipalities, and, in some cases, state governments that band together to enhance their purchasing power.

Decisions: Grant award determinations on applications are made by the independent Maryland Agricultural Education and Rural Development Assistance Fund Grant Review Board set by law and consisting of the Secretaries (or their designee) of the Departments of Agriculture, Commerce, Health, Housing and Community Development and Natural Resources as well as the Chair (or the designee) of the Rural Maryland Council. Decisions by the RMPIF Grant Review Board are final and binding. At the discretion of the Grant Review Board, RMC staff may reach out to applicants for additional information.

Fiscal Year 2025: For Fiscal Year 2025, the State has budgeted \$1,500,000 in General Funds for the entrepreneurship portion of the RMPIF program. However, *grant awards are subject to funding availability.*

Guidelines and Criteria for FY2025 Rural Entrepreneurship, Agricultural, Workforce, and Cooperative Development RMPIF Grant Applications

Eligible Applicants: Applicants must be a local government, institute of higher education, regional council, or be a 501(c)(3) IRS tax designation or similar and serve a regional or statewide rural constituency. Community Colleges, Career Technology Centers, Regional Councils, and Libraries are eligible applicants. The applicant does not have to be located in a rural area or in the area it serves.

An official W-9 form furnished by the IRS will be required by all applicants to include in their application. This allows RMC to verify an organization's name, address, and tax identification number. The address included on the W-9 form must match the address of the organization receiving the grant award.

The State Recognized Regional Councils are eligible entities to apply for RMPIF competitive funds. These projects are encouraged to have co-applicants and multiple sources of funds.

For non-profits, applicants must be in "Good Standing" with the State of Maryland. Go to <https://egov.maryland.gov/BusinessExpress/EntitySearch> to find out if your organization is in good standing with the State of Maryland. We do not require a copy of the certificate; it is sufficient to provide a screenshot and attach it with your application AS LONG AS IT SHOWS WHETHER THE ENTITY IS CURRENTLY IN GOOD STANDING. An explanation for an entity not in good standing must be included with the application otherwise, the application will be rejected.

Eligible Projects: To be eligible, **proposals must be regional (two or more counties) or intergovernmental (meaning two units of government)** and be completed between August 1, 2023 and June 30, 2024.

Rural Counties: State-determined rural counties are the following: Allegany, Calvert, Caroline, Carroll, Cecil, Charles, Dorchester, Frederick, Garrett, Harford, Kent, Queen Anne's, St. Mary's, Somerset, Talbot, Washington, Wicomico and Worcester. Regional projects may include non-rural counties but the majority of service must be provided in the above listed rural areas.

Grant Amounts: *GRANT AWARDS ARE SUBJECT TO FUNDING AVAILABILITY.* There is no maximum grant amount; however, the Grant Review Board would optimally fund eight entrepreneurial projects in FY2025. Past and current RMPIF grantees are eligible for an FY2025 grant if they have met all the requirements of their previous grant agreements, including reporting deadlines.

Eligible Expenditures:

- Salaries and Wages are allowable expenses. It is strongly encouraged to include a statement on sustainability for future years.
- Administrative costs including construction, leasing, and renovation of buildings are eligible expenses. Acquisition of land is not. The purchase or rental of vehicles are eligible expenses. The purchase of equipment is an eligible expense. These administrative expenses should not exceed more than 25% of the grant request. Quotes for purchases and construction work should be included.
- Meals are allowable if the costs are reasonable and a justification is provided that such activity maintains the continuity of the meeting and to do otherwise will impose arduous conditions on the meeting participants.
- Indirect administrative costs are capped at 10%.

Ineligible Expenditures:

- Contributions, donations, or subsequent sub-awards to third parties are ineligible expenses.
- Gift cards are also ineligible expenditures.

- Organized fundraising including financial campaigns, solicitation of gifts or bequests, or similar expenses incurred to raise capital or obtain contributions regardless of the purpose for which the funds will be used are ineligible. Advocacy and lobbying activities are also ineligible.

Match Requirement: Applicants must secure a minimum 25% cash match funds from non-state sources. Federal funds are considered matching cash funds. A stronger cash match will result in a higher score on the grant evaluation. RMPIF funds will not be released until proof of a match is submitted.

Changes and Unused Funds: Only very minor changes in scope are allowed after a grant has been awarded. Some project timelines can also be modified. Unused grant funds must be returned to the Rural Maryland Council no later than July 14, 2025.

Ranking Criteria: The Grant Review Board uses the following criteria in reviewing applications.

1. Basic Criteria: Applicant meets all basic eligibility requirements – it serves a regional (multi-county) or statewide rural constituency; is a community college or institution of higher education; or is intergovernmental.
2. Applicant has clearly identified a well-substantiated need and developed a Scope of Work that clearly describes specific project activities and how an RMPIF grant will be used.
3. The proposal will significantly impact the quality of living in rural Maryland. The proposal demonstrates substantial value and lasting impact by providing information that includes relevant background research, opportunities for replication, and a statement of impact.
4. Specific goals and measurable objectives were clearly stated and appear to be achievable. Goals are specific, measurable, achievable, reasonable, and time-bound. Its Mission Statement is included and lends itself to the activities and goals addressed in the proposal.
5. The organization has the experience, expertise, and resources to deliver on this scope of work. Operational and line-item budgets were included and seem reasonable.
6. The applicant has 25% cash match funds from non-state sources.
7. Other organizations, businesses, agencies, and/or other community-based entities have expressed strong support for the organization's work and planned grant activities. Letters of support and other supportive materials (newspaper articles, etc.) were included.
8. Project/proposal falls under one or more of the following priorities (entrepreneurship, infrastructure or health care) and clearly defines a designated benchmark and outcome associated with the Rural Maryland Prosperity Investment Fund.

Grant Portal

- All grant items must be submitted through RMC's Grant Portal, found here: <https://www.grantinterface.com/Home/Logon?urlkey=ruralmaryland>
- There are two reports due during the grant cycle. The interim is due January 31 and the final report is due July 15.
- A report is in the form of a 'Follow-up' in the RMC grant system. You will be assigned these 'Follow-ups' by email once your grant agreement is processed. You will receive email notices before the report is due. To Access the report, simply log into your grantee dashboard and scroll down to the application. A Follow-up with the associated report will be available in this section by clicking the word 'edit' to the right of the report form.

Interim Report Narrative

The purpose of the Interim Report is to assess your organization's status of project timelines and completion of the awarded project by June 30. We understand that grant awards are still being processed and project outcomes may be minimal. Please complete the Interim report to the best of your ability by January 31.

This report asks that you refer to the *Goals and Anticipated Outcomes* and the *Table of Goals and Measurable Objectives* outlined in your organization's initial LOI and referenced in the *Scope of Work and Deliverables* (Exhibit 1) of your Grant Agreement to answer the following questions.

1. Do you think you need an extension for this project? RMC staff can approve extensions for up to 6 months. If you do need an extension, please reach out to RMC staff by phone and email closer to the June 30 end date.
2. What progress have you made toward achieving the results you described in your proposal during this period? What evidence do you have to demonstrate your success? If you are experiencing difficulty in your progress, please explain?
3. Have there been any significant changes in your organization or the project since the grant was awarded (i.e., executive leadership, staff, facilities, location)?

Final Report Narrative

The purpose of the Final Report is to show the completion of the grant project and to help us understand how it has benefited your organization. Please refer to the *Goals and Anticipated Outcomes* and the *Table of Goals and Measurable Objectives* outlined in your organization's application and referenced in the *Scope of Work and Deliverables* (Exhibit 1) of your Grant Agreement to answer the following questions.

1. Did you achieve the results you described in your proposal during this grant period? What evidence do you have to demonstrate your success?

2. What do you consider to be the greatest strength(s) of your work? What do you consider to be the most important concern(s) – apart from finances – currently facing your organization (or project, if you received project support)?
3. What are the organization’s two (2) most significant financial challenges and how are you planning to address them?
4. Have there been any significant changes in your organization or the project since the grant was awarded (i.e., executive leadership, staff, facilities, location)?
5. As applicable, describe any plans for moving forward. What, if anything, will you do differently?

The report narrative should tie back to the scope of work outlined in your original application and referenced in the Scope of Work and Deliverables (“Exhibit 1”) listed in your Grant Agreement. It should also address the “Table of Goals and Measurable Objectives” outlined in your original application. An example of a previously submitted *Goals and Measurables Objective Table* is provided below.

Goal	Measurable Objectives
